

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Adopt Resolution Amending Traffic Resolution 97-148 by Approving Installation of Stop Control on Giannoni Way at Legacy Way

MEETING DATE: August 17, 2005

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution amending Traffic Resolution 97-148 by approving the installation of a stop control on Giannoni Way at Legacy Way, as shown on Exhibit A.

BACKGROUND INFORMATION: Staff recently reviewed the area around Larson Elementary School for school signing and markings, in anticipation of its August 1st opening. During our review, it was determined that installing a stop sign on Giannoni Way at Legacy Way would improve crossing conditions due to the close proximity to the school site and number of students expected to cross at the intersection. Although we typically receive City Council approval before installing stop signs, the stop sign was temporarily installed until we could bring this issue to Council.

In the near future, additional traffic control and pedestrian improvements will be reviewed and brought back to City Council. Signs and markings will also be installed in the future on other roads approaching the school site that are currently closed to vehicle traffic due to construction.

Based on our review of the Larson Elementary School site, we recommend that City Council approve the stop control on Giannoni Way at Legacy Way as shown on Exhibit A.

FISCAL IMPACT: Slight increase in cost for street maintenance for signs and markings.

FUNDING AVAILABLE: Cost to install stop sign and legend from the Street Maintenance Account at an approximate cost of \$250.

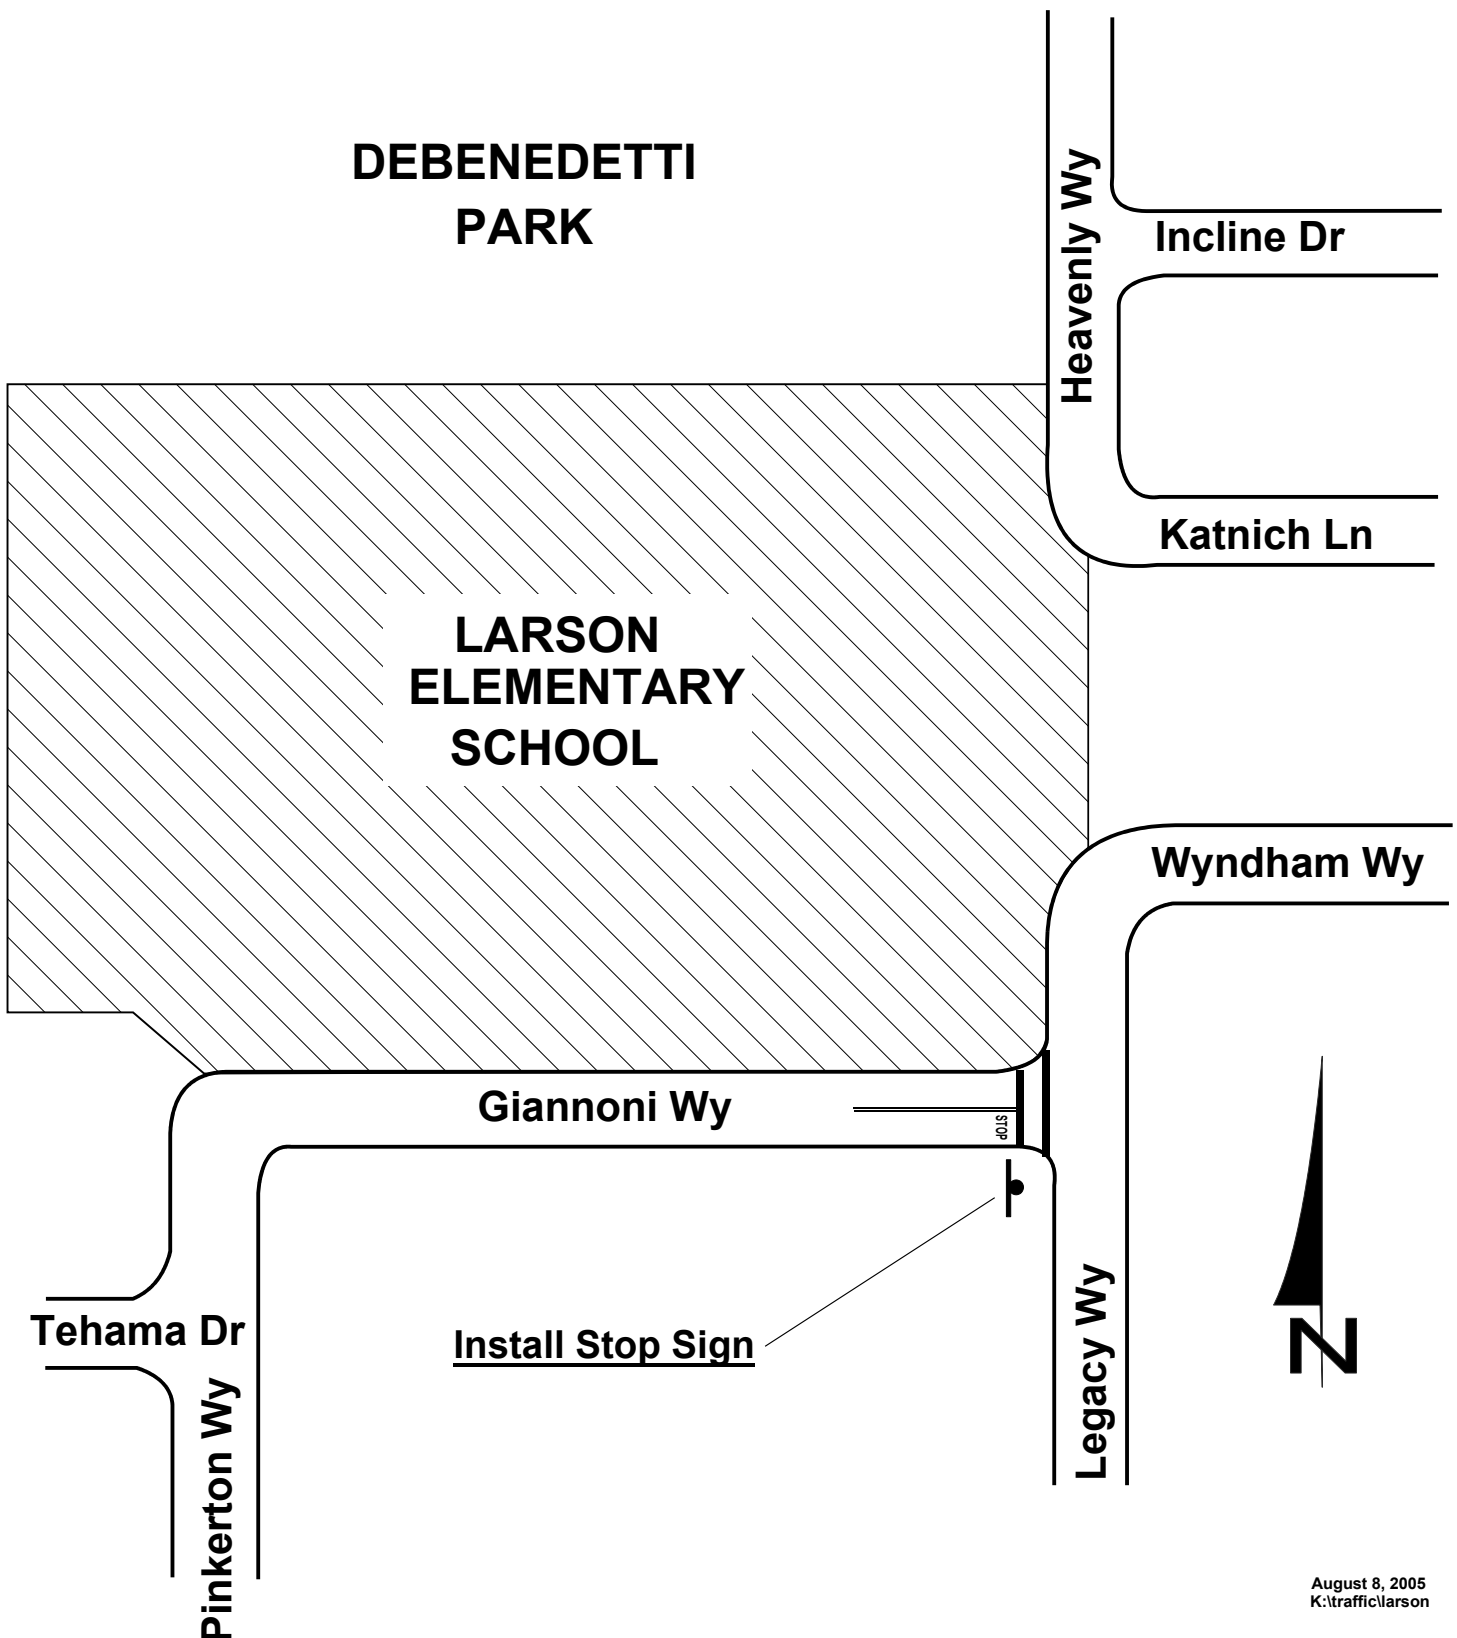

James R. Krueger, Finance Director
